Handling Suggestions

Cook or freeze fresh beef within 3 to 5 days. Wrap securely to maintain quality and to prevent meat juices from getting onto other food. To maintain quality when freezing in its original package, wrap the package again with foil or plastic wap that is recommended for the freezer. Thaw all frozen meats in the refrigerator. This will preserve flavor and tenderness. Meats should be left in their sealed wrappers while thawing. Once thawed, remove the meat from its wrapper, pat it dry using a clean paper towel, and place it back in the refrigerator to continue dying the surface of the meat. A dry meat surface results in a superior sear when the meat is cooked at high heat.

Serving Suggestions

4 oz

Prep & Cooking Suggestions

Grilled, smoked, or broiled this cut have a juicy, beefy flavor. Cook until internal temperature is 160F.
